

SAVANT SMART HOST SYSTEM

ECSI used Savant Systems Smart Host System in the 2015 Luxury Home Tour in Minneapolis to deliver a "Smart Home" with complete automation.

This system was designed in its entirety to control all of the homeowner's technology systems with any iPad or iPhone from inside or outside the home. The system offers full control of the **audio and video systems** including the **whole house music system**, all **televisions, cable boxes**, and sources. In addition, it controls the **security system** and has the flexibility to add **lighting, HVAC, video surveillance** and more, at a later date. The Savant System allows the user an upgrade path for the future, saving the user money by not having to invest in a separate system down the road.

ADDITIONAL RESIDENTIAL SERVICES

- Whole House Audio
- Multi-Room Music
- Home Theater
- Lighting Automation
- Home Security
- Climate Control

LEARN MORE

If you would like to learn more about how ECSI's residential team can design and install the technology for your home, call or email Kevin Craft at 612-280-7975 or kcraft@ecsillc.com.

SAVANT

OVERVIEW OF PRODUCTS IN SMART HOME

The Smart Home features a complete 8-zone whole house music system using the following equipment:

- **Savant Smart Host:** With built-in control ports to connect both smart and standard devices, the new Smart Host is the ideal foundation for most homes.
- **Savant SSA-4012 Audio Matrix:** The SSA-4012 offers 12 zones of high-performance pre-amplification, including independent control of volume, balance, bass and treble along with a 7-band equalizer.
- **Savant Amp 2000 - 16 Channel Amplifier:** Ultra-efficient amplifier delivers 16 channels of reliable, affordable, feature-rich amplification rated at 40 watts per channel (WPC) at 8 ohms.
- **Savant SMS-001A Music Server:** Single-source audio digital player providing instant access to your entire music collection and popular Internet media services including Pandora and iTunes.
- **Savant SSC-0012 Smart Controller:** Provides control, automation and expansion of third-party devices. Pairing the SmartControl 12 with a Savant Smart Host provides a cost-effective entry level wired control solution.
- **Paradigm CS-60R Speakers:** Bezel free aesthetic delivers invisibility! Great sound, but out of sight which is exactly the point of custom!
- **Watt Box WB-600-IPVCE-12 Surge Protection:** The ultimate surge protection and power conditioning solution.
- **Omnimount 18U Rack:** A cost-effective and fully assembled AV rack enclosure that provides a clean installation look and organization for multiple audio and video component.
- **GE Security Automation Module:** Allows you to connect compatible, Interactive Services automation devices.
- **AirPort Extreme Base Station:** Fully Wired and Wireless Networking Systems using the intelligent, easy-to-use AirPort Extreme Base Station with simultaneous dual-band support that offers next-generation Wi-Fi technology.
